MESSAGE FROM THE CEO

As CEO, I am deeply passionate about providing love, care, shelter and the necessary resources to every animal that comes through our doors. At Foothills Animal Rescue, we recognize that dogs and cats are not just pets; they are cherished members of our families. That's why we go above and beyond to ensure that each and every animal in our care receives the love, attention, and support they deserve.

Our commitment to the well-being of dogs and cats is evident in every aspect of our operations:

1. **Quality Care:** From the moment a dog or cat enters our facility, they are treated with compassion and respect. Our dedicated team of staff and volunteers work tirelessly to provide top-notch care, including regular meals, veterinary check-ups, and enrichment activities.
2. **Safe Environment:** We believe that every dog and cat deserves a safe and comfortable place to call home. That's why we prioritize the safety and security of our facilities, ensuring that our animals are protected from harm and stress.
3. **Adoption Programs:** Finding loving forever homes for our dogs and cats is at the heart of what we do. We work closely with potential adopters to match them with the perfect furry companion, taking into account their lifestyle, preferences, and needs.
4. **Community Engagement:** We believe that education and outreach are key to promoting responsible pet ownership and reducing the number of animals in need. Through community events, workshops, and partnerships, we strive to raise awareness about the importance of adoption, spaying/neutering, vaccinations, and proper care.

As CEO, I am committed to upholding the highest standards of care and integrity in everything we do. I am immensely proud of the dedicated community at Foothills Animal Rescue and the incredible work they do each day to improve the lives of dogs and cats in our care.

Thank you for your continued support of our organization and our mission. Together, we can make a real difference in the lives of animals in need.

Sincerely,

A handwritten signature in cursive script that reads 'Shannon'.

Goose's ringworm treatment lasted two months. With the investment of our resources, Goose went into isolation where he was treated with daily medication and lime sulfur dips twice a week. Throughout the treatment, Goose's potential adopters had fallen in love with him and decided that they wanted to adopt him when his treatment was complete.

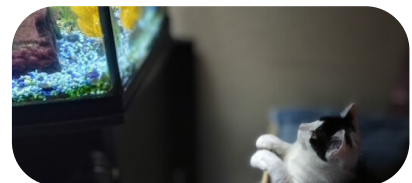

On November 4th, after 142 days in our care, Goose's treatments were over and was adopted by his devoted new family.

GOOSE

Goose came to us in June of 2023 at just 3 weeks old with his sister Gink. A good Samaritan found these kittens in a side yard. Upon intake, it was determined that it was best that they go into foster care immediately. When their weight and feeding habits were more mature, they came back to the shelter in early August. Goose had met a couple that were interested in adopting him, but went home to think about the adoption. That is when we discovered ringworm on Goose...

GISELLE'S STORY

FOOTHILLS ANIMAL RESCUE WAS COMMITTED TO ENRICHING HER LIFE WITH A BEHAVIOR TREATMENT WHILE WAITING FOR HER FOREVER HOME.

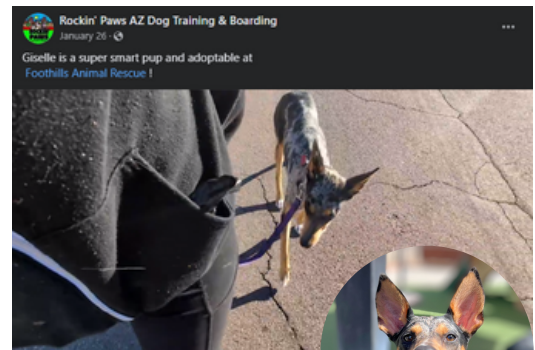

In September of 2023, Giselle came into our care from a partner animal welfare organization. Immediately, we noticed her weight and started her on a special diet. Besides her weight, Giselle was showing some extreme anxious behavior in her room. The staff invested a significant amount of time monitoring her behavior to identify triggers and tried countless adjustments to her environment in hope to calm her anxiety and make her more comfortable.

Ultimately, the staff decided that she needed more intensive behavior training and sent her to a specialized program for crate training. Giselle excelled at Rockin' Paws Dog Training and Boarding, where she learned how to place, leash manners and crate train. She finally had the expertise and structure she needed to thrive.

After returning to Brynne Smith Memorial Campus, staff and volunteers were determined to reinforce and continue the training she received at Rockin' Paws. We invested more time with her while she awaited adoption.

Finally on February 16th, 2024 she was adopted!
